The Skull Knight's Clan members are mostly from Europe, although there are also some from North America and other countries.

That's why we have different event times. The optimal time for an event would be 18:00 (6 PM) GMT.

Although there are also a few other times that SKC members host events at: 21:00 (9 PM) GMT (the second most popular time, Asia), 15:00 (3 PM) GMT (at America).

But if you can come to the events at any time near 18:00 (6 PM) GMT, you won't miss too many events!

We had 2 polls on our boards, and here are their results:

The first one (made Oct 6 2006):

Question: "What's the optimal event time for you?"

Most votes: "18:00 - 21:00" (3 votes)

Second most votes: "21:00 - 00:00" (2 votes)

Third most votes: "03:00 - 06:00", "06:00 - 09:00", "09:00 - 12:00", "12:00 - 15:00" (1 vote)

The second poll (made Dec 17 2006):

Most votes: "2pm - 4pm", "6pm - 8pm", "8pm - 10pm" (3 votes)

Second most votes: "4pm - 6pm" (1 vote)

So if you can come at 18:00 (6 PM) GMT, 21:00 (9 PM) GMT or 15:00 (3 PM) GMT, you won't miss events!

Also, don't forget that you can host events yourself! But if you'll host an event at other times than those, you won't get too much people coming.
